

Migun Wellness Center - Charlotte Testimonials

MIGUN OF CHARLOTTE TESTIMONIALS

Carolanne & Tom,

I have **Fibromyalgia**, a widespread pain and tenderness that varies in intensity and location. For years I have been prescribed medications, and nothing helped to relieve my pain, until my friends introduced me to Migun of Charlotte! Finally a pain management system that works...really works! Being able to try it out numerous times "free" in their showroom allowed me to make a decision in a non-pressure environment! Now that I own my Migun I can get immediate pain relief anytime in my own home! It's great...I love it!

Deborah Rosser
